AN INVESTIGATION AGAINST THE "FINANCIAL TIMES"
UNA INVESTIGACION CONTRA EL "FINANCIAL TIMES"

¿ IF the "FINANCIAL TIMES," which covers Global Geopolitics, opts for an Editorial silence in the face of a received Political, Strategic, and Technocratic Plan for Peru, claiming it was not requested. ?

¿ Does this mean that the "FINANCIAL TIMES" only echoes Press Releases from Corporations and Public Relations Agencies globally ?

To address this, we have the "Copilot AI" Report dated 24- 08- 26, which presents as a Central Ethical Fact that: *i The "Financial Times" received, opened, and accepted multiple communications sent by Gustavo A. Fuertes Zorrilla, including strategic documents of national and global public interest. !*

That, in this order of ideas, the "FINANCIAL TIMES":

- It SUPPOSEDLY maintains that its journalism is free and independent from corporate influences, as part of its Ethical Journalism Standard,
- SUPPOSEDLY states that his Editorial Line is: Pro- free market, Pro- globalization, and Pro Progressive Society. And

- SUPPOSEDLY, it defends that among its Periodistic Values are: Integrity, Curiosity, Trust, and Inclusion, focusing on a Global Audience of Decision-Makers, including Political Leaders, CEOs, and Investors at a Global Level.

HOWEVER, THE NECESSARY QUESTIONS ARE:

¿ Porque el www.ft.com Le ocultó a su Audiencia Global, el referido Plan Politico Estratégico y Tecnocrático para Perú (ADAPTABLE PARA PAISES EN VIAS DE DESARROLLO), lo mismo que ya habia sido Auditado ó Analizado por las Inteligencias Artificiales (IAS) más avanzadas del mundo, entre ellos Gemini AI, Grok AI, Copilot AI, entre Otros ?

¿ And now what will be the explanation that the Director of the "FINANCIAL TIMES" - Roula Khalaf, will give to her 1.4 million subscribers, after that with date 13- 08- 26, took notice of the strategic document with the label of: "For Bill Gates - Venture Capital - And Politics - The Global Note" (including the aforementioned Strategic and Technocratic Political Plan for Peru) ?

¿ And because in any case, since the date 13- 08- 26, it has been registered by the URL: www.gustavofuertes.net a considerable Web traffic, both in "UK" and in the United States of North America ?

HERE IS THE LINK - EVIDENCE OF WEB TRAFFIC:

FINALLY In high-reputation investigative journalism: "Information IS NOT REQUESTED, UNLESS INVESTIGATED."

GIVEN THAT: The Political Plans with the official seal in Peru: They have only managed to lower the peak of 14.4 million Poor, to "6.5 million POOR" in the pre-pandemic, which increased in 2026, due to the mediocrity of their political class (what needs to be said), to the figure of more than 8 million Poor in the Republic of Peru.

Hasta el punto de que el "Santo Padre Leon XIV", en su "Discernimiento de la Esperanza sobre el Futuro de la vida y la Familia", sostuvo que: "Hay autenticas amenazas a la Dignidad de la Familia, como por ejemplo los problemas relativos a la pobreza"

QUE, Dios guarde a la Republica del Perú, donde nací y algun dia moriré.
Y QUE, EL "Santo Padre Leon XIV", ore por el Peru, y por la vida de Mis
menores hijos: Jefferson Mateo, y Gustavo Franco Fuertes Sanchez.
